

## Job offer for a Computer Engineer at IAA/CSIC, Granada Contrato temporal de Ingeniero Informático en el Instituto de Astrofísica de Andalucía/CSIC

We are offering a 4-5 months contract to a computer engineer or equivalent to work as Technical Support Engineer to manage the IT needs of the Grupo de Atmósferas Planetarias Terrestres ([gapt.iaa.es](http://gapt.iaa.es)) related to scientific data analysis during its migration to a new Linux environment. The candidate will work closely with the GAPT/IAA scientists, managing and maintaining servers oriented to analyze and visualize raw-data provided by space missions (remote sounding by instruments NOMAD and ACS on board the latest European mission to Mars, the ESA+Roscosmos ExoMars Trace Gas Orbiter).

**Starting:** Mayo 2022 / May 2022  
**Duration:** 5 meses / months  
**Lab/Place :** Grupo de Atmósferas Planetarias Terrestres (GAPT/IAA), Granada  
**Degree:** Graduado/Licenciado en Ingeniería Informática / Computer Engineer  
**Applicants:** Cualquiera dentro de la Union European / All EU nationalities  
**Salary range:** 2150 €/mes bruto / gross monthly salary  
**Experience:** Preferably shall include (1) proficiency with programming/scripting languages Bash, Python and Fortran; (2) familiarity with the Linux desktop application ecosystem, including handling of server queues and access from remote terminals; (3) understanding of network and internet protocols with basic TCP/IP (addressing, sub-netting, routing, firewall rules, DHCP, DNS); (4) a curious and pro-active mind-set that continuously wonder about what can be done better. We will very positively evaluate years of technical (IT) exposure in an operational environment as well as good written and verbal communication skills in Spanish and English in order to present technical information to a non-specialist audience.

Los candidatos interesados deberán ingresar en Bolsa de Trabajo del CSIC tras contactar via email con el Investigador Principal del proyecto antes del 10 de Abril 2022:

The contract will be formalized through the CSIC Bolsa de Trabajo, within the on-going project *NOMADACS*, PGC2018-101836-B-100 (MCIU / AEI / FEDER, EU).

Interested parties please contact the PI via email before April 10 :
